

## Keratin Strengthening Ozone Mist Therapy

Discover the wonderful benefits with the exposure to ozone mist particles coupled with the addition of serum and essences into the hot mist generator.

- For feline guests or senior animal companions (avoid prolonged exposure to water)
- Repairs and Strengthens Keratin component within hair strands through the Fortifying Action of the Tsubaki Botanical Essence
  - Deodorizes Odoriferous and Oily coats with Ozone mist particles
  - Repeated treatments will result in a bouncy, glossy and strong coat.

The constitution of the skin will be stronger so it will be less susceptible to skin conditions.

Highly recommended for animal companions with the following conditions :

- For feline guests or senior animal companions (avoid prolonged exposure to water)
  - Seriously Dry & Brittle, Dull, Discoloured Hair
  - Flaky Skin
  - Oily and/or Odoriferous Coat with coarse coat strands
  - Thin & Sparse Coats
