

Nano Moisturising Silk Mist Therapy

Discover the wonderful benefits with the exposure to nano silk mist particles coupled with the addition of serum and essences into the cold mist generator.

- Optimal Moisture Retention
- Infusion of Nourishment from Nutrient-rich Serum
- Tightening of Pores after the Nano Silk Mist Infusion Process to Prevent Clogging and Contamination
- Rebuilds Damaged Cuticle on surface of hair strands through the Repair Action of the Nano Collagen Serum
- Repeated treatments will result in a bouncy, glossy and strong coat. The constitution of the skin will be stronger so it will be less susceptible to skin conditions

Highly recommended for animal companions with the following conditions :

- For feline guests or senior animal companions (avoid prolonged exposure to water)
 - Moderately Dull and Discoloured Hair
 - Flaky Skin
 - Limp coats without volume
 - Long coats with dry ends
